A Prototype of Simple Computer Application

Team	4 – Loblaws (alias used - Loblyst)
Name	Vaishnavi Wadhwa, Janviben Patel, Adhil Muzahir, Ota Adesina, Simran Rattu, Soji Koshy
Student #	8939083, 8898912, 8883484, 8889777, 8902253, 8940087.
Course	Information Technology Business Analysis Capstone Project
Section	08
Professor	Temi Ajaja
Due Date	11-12-2024

This is the home page of Loblyst, which features upcoming festivals such as Christmas and New Year.

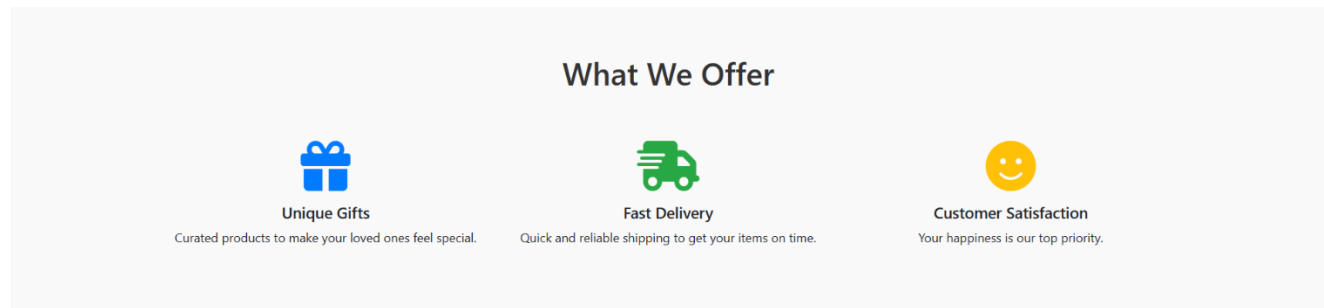

After Scrolling, the user can see the Our Products that changes every refresh page, and the user can see various products. Click on SHOP NOW, and View details take the user to the product page.

We offer the services, products, and benefits that customers or users get.

Below, users can see the Loblyst and its subsidiaries with logos that take users to their websites.

At the bottom, when the user clicks on the Loblyst logo, it refreshes the page, and all the icon represent their work.

Click on the Home icon to take the user to the main page with greetings.

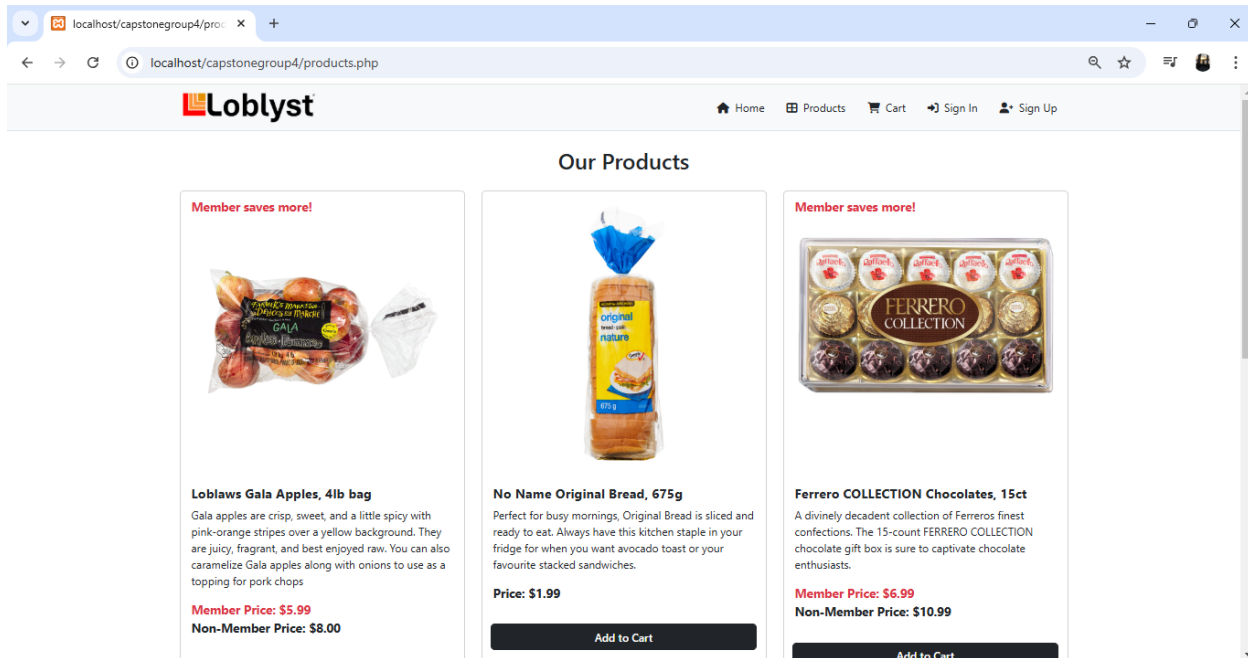

Click on the Product icon, which takes the user to the Product Page.

Click on the Cart icon, which takes the user to the Cart.

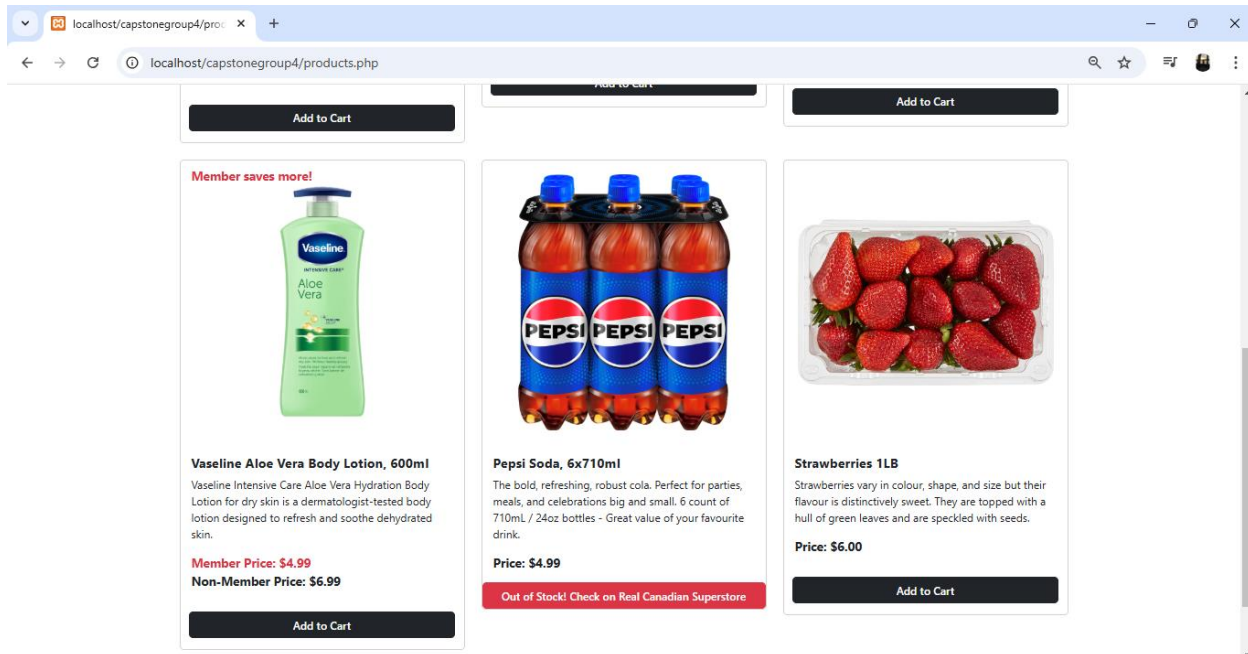

This is the Product page where users can see the product with Member and Non-Member Prices.

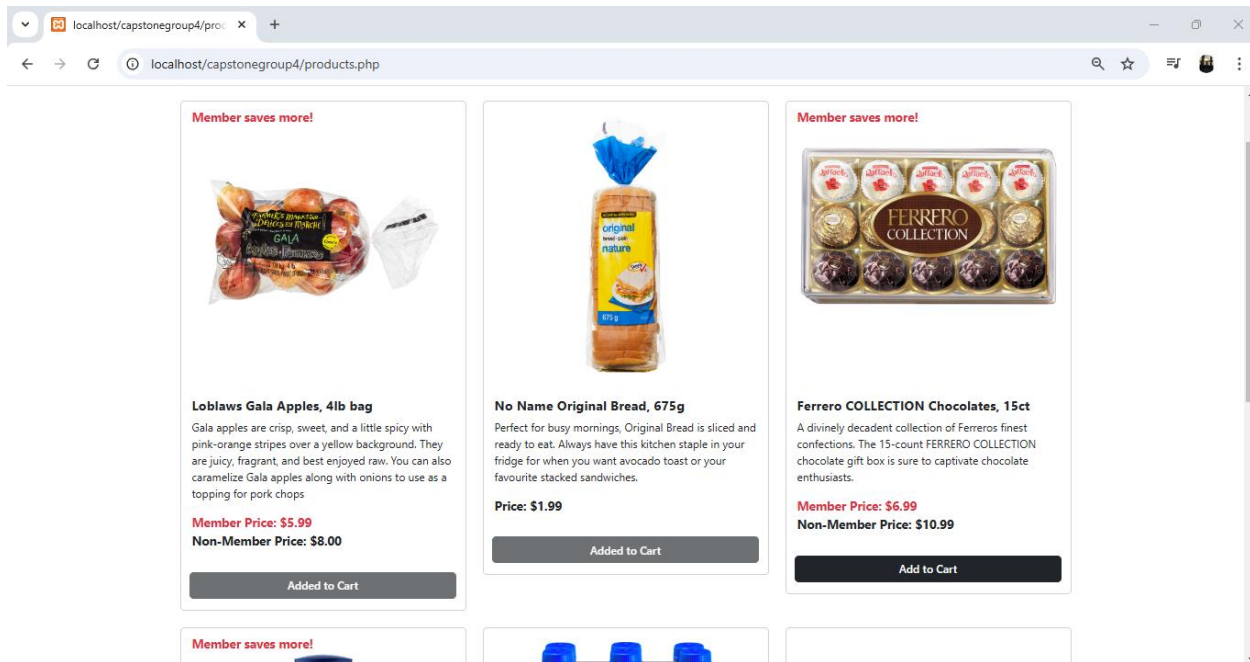

Some items at regular prices, such as No Name Bread 675g, equal both.

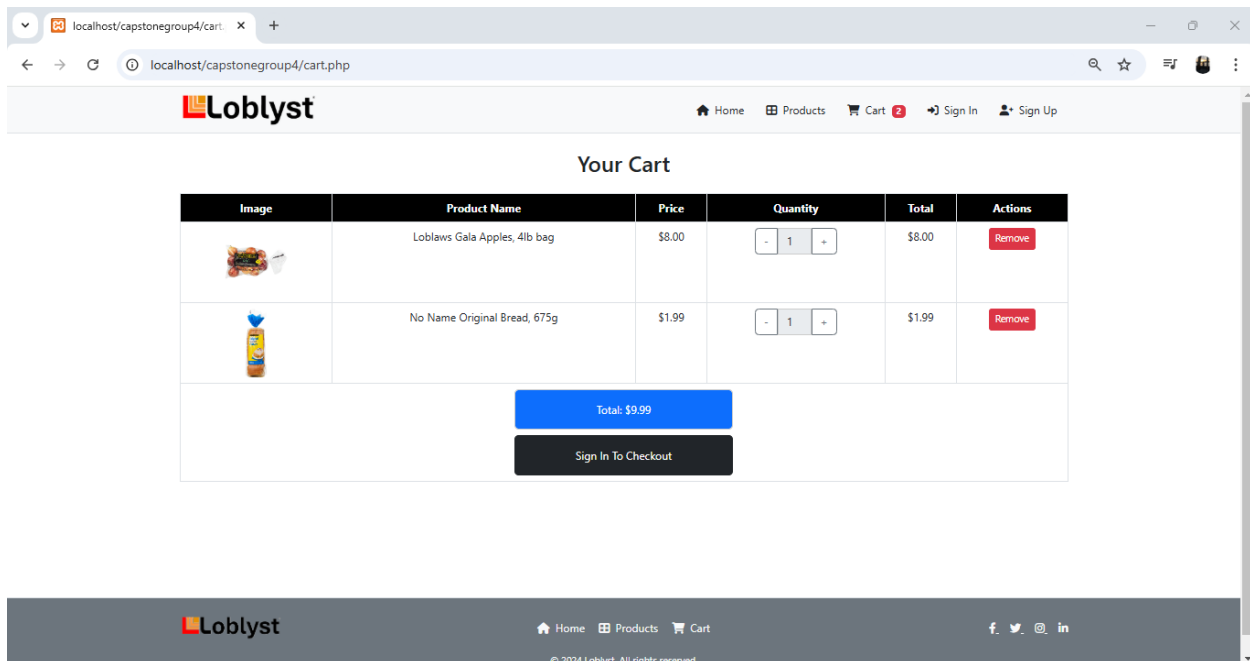

The other Products are available on the product list, but Pepsi Soda, 6x710ml, is unavailable in our store, so it displays the nearest store, the Real Canadian Superstore.

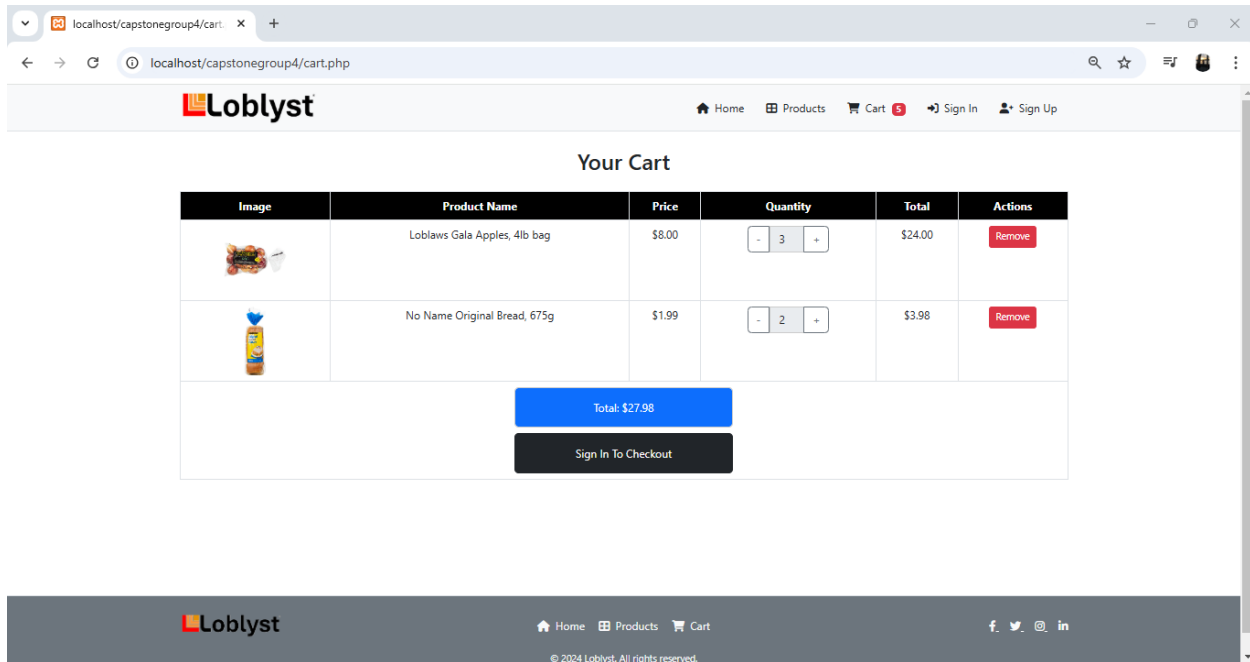

Now, the user has added 2 Products to the Cart. Loblaw's Gala Apples 4lb bag and No Name Bread 675g. That's why the button is grey when added to the cart.

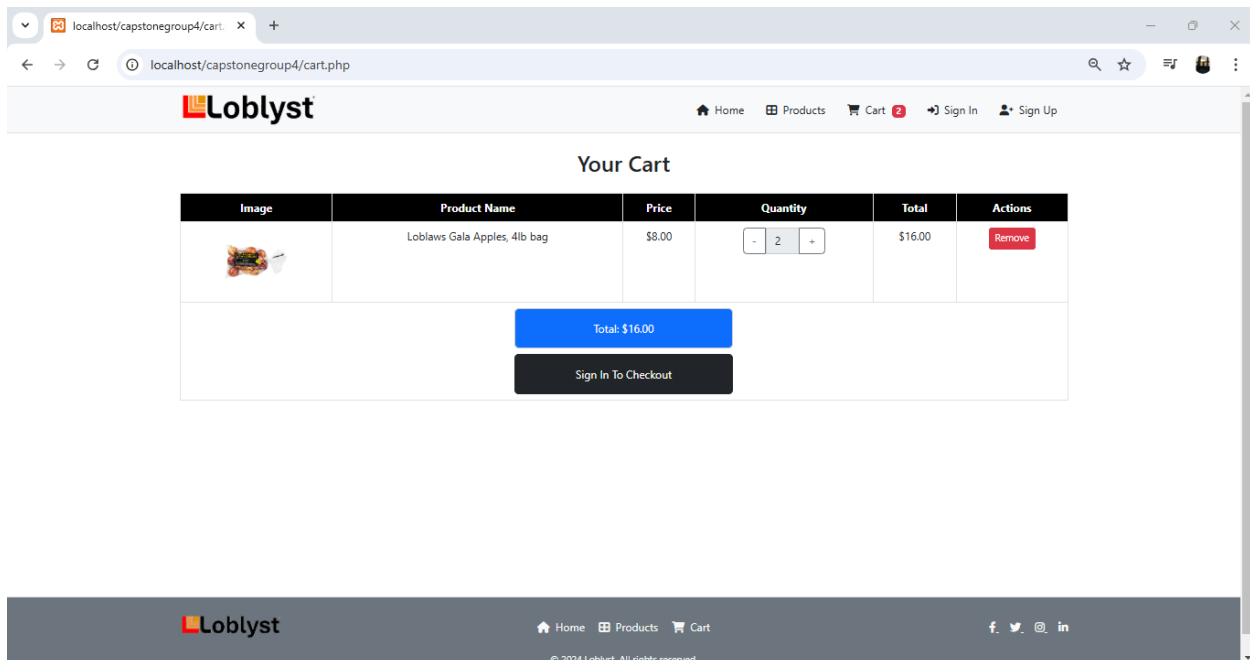

The user can see that the two are written near the cart. That is the total number of products in the cart.

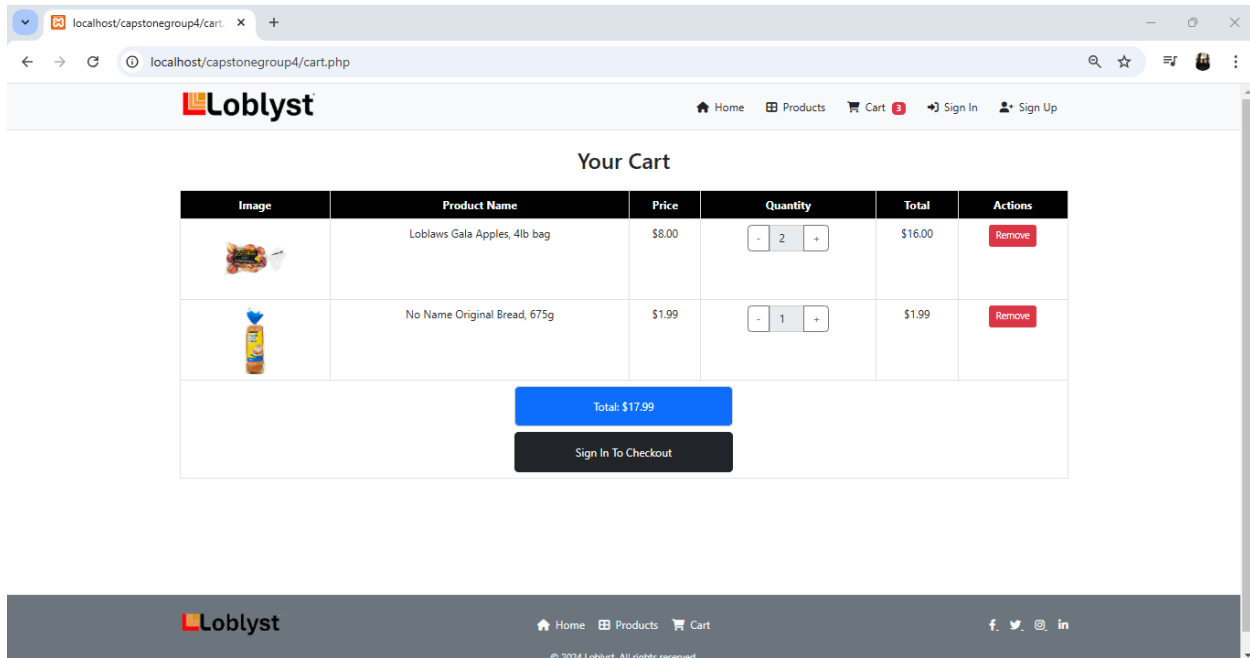

Now the user wants 3 bags of apples and 2 packs of bread, so it increased. So, the total number of products in the cart is 5 instead of 2.

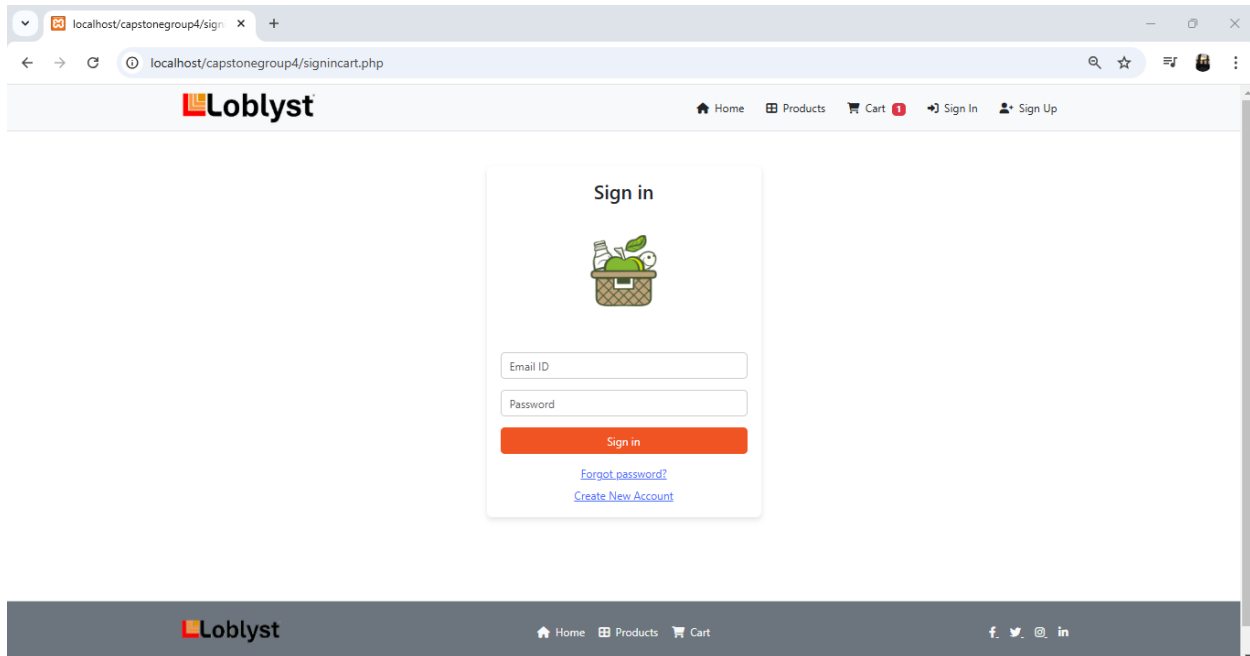

However, the user changes their mind and does not need bread and one bag of apples. So, the user removes the bread using the remove button and the minus sign to decrease the quantity.

But after a few seconds, the user thinks again and adds the 1 bread pack. And going for checkout.

But the user does not have an account, so the user clicks on Create the account.

After clicking on Create New Account asking for email address, Password and Confirm Passwords. (Password should be 8 characters). The user does not want to sign up for PC Optimum Membership, so the user does not click on that. And click on Join Loblyst.

Sign Up | Loblyst

After signing in, the user can see the button near the Loblyst logo for the Join PC Optimum for member price.

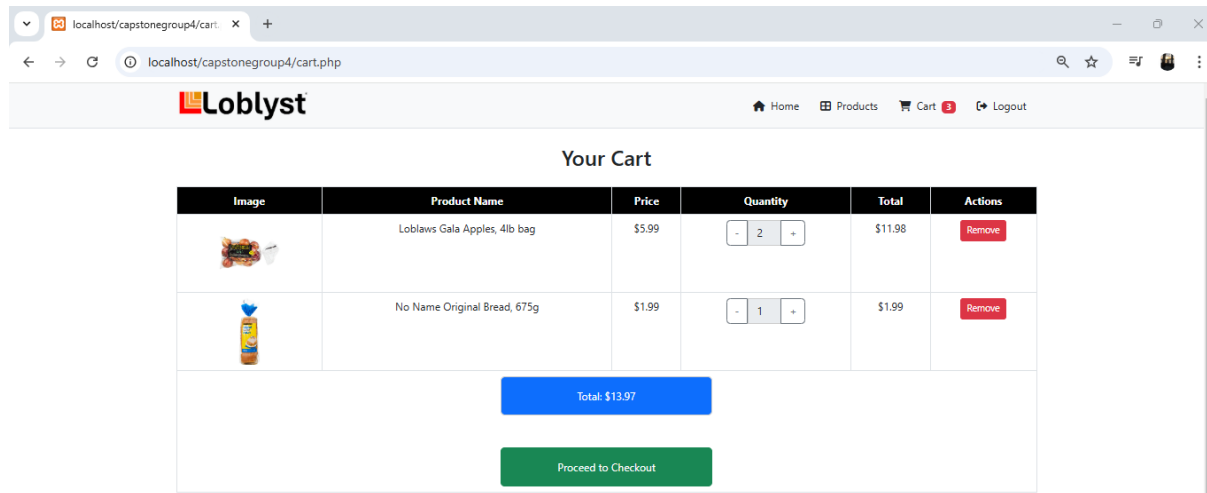

The user's total is 17.99\$ without membership.

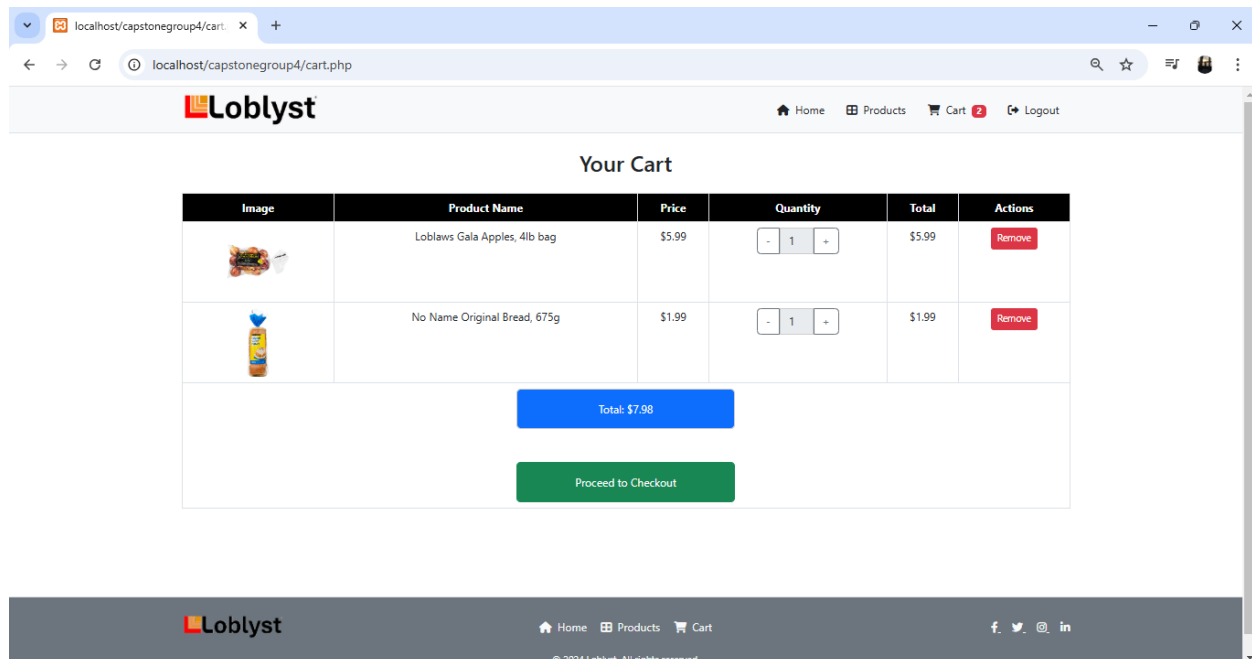

So, the user clicks on the button to join PC Optimum. And gets the confirmation and regards for joining.

After getting a membership, the user just has to pay 13.97\$.

But user needs only 1 bag of apples now. So he removed 1 bag. The total is 7.98\$.

After clicking on Proceed to Checkout. Users have to fill the Checkout Form for Order Process.

The screenshot shows the Loblyst checkout interface. On the left, the 'Your Cart' sidebar lists two items: 'Loblaws Gala Apples, 4lb bag' and 'No Name Original Bread, 675g', both with a quantity of 1. The total is 7.98. Below the cart is a 'Enter Promo Code' field and an 'Apply' button. The main 'Checkout Form' on the right contains the following fields: Full Name, Street, City, Province, Postal Code, Card Number, Expiry Date (with a calendar icon), and CVV.

Loblyst has one Promo code where users get 25% discounts on subtotal. (NEW25 – Promo Code)

Before the promo, the total is 7.98\$ and after the Promo, 5.99\$

Two side-by-side screenshots of the 'Your Cart' sidebar. The left screenshot shows the total as 7.98. Below the cart is a text input field containing 'NEW25' and an 'Apply' button. The right screenshot shows the total as 5.99. Below the cart is a green message that says 'Promo code already applied!'.

Now the user must fill in all the data in the Checkout form with all the necessary details. (all validations are applied here, so mind that)

localhost/capstonegroup4/checkout.php

Your Cart

- Loblaws Gala Apples, 4lb bag
Quantity: 1
- No Name Original Bread, 675g
Quantity: 1
- Total(\$)**
5.99

If the user forgets the password, use the forgot password page. Where the user has to write the registered Email address, so the user gets forgot password link.

The screenshot shows a web browser window with the URL `localhost/capstonegroup4/forgotpassword.php`. The page features the Loblyst logo and navigation links (Home, Products, Cart, Sign In, Sign Up). The main content area is titled "Forgot Password" and contains a circular icon with a padlock and a refresh arrow. Below the icon is a text input field containing the email address `pateljanvi675@gmail.com`. Underneath the input field is an orange button labeled "Send Reset Link to Mail" and a blue link labeled "Click here to Sign In". The footer of the page includes the Loblyst logo, navigation links, and social media icons.

The user gets a message confirmation after entering the email address with confirmation with the database.

This screenshot shows the same "Forgot Password" page after a successful action. A green message box at the top of the form area displays the text "A reset link has been sent to your email." The email input field now contains "Email ID" as a placeholder. The "Send Reset Link to Mail" button and the "Click here to Sign In" link remain visible. The page layout, including the header and footer, is consistent with the previous screenshot.

The user gets an Email like this where the User gets a link to reset passwords.
